Examiner, Art Unit 1645

(Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: claim identifiers were clarified as they did not correspond to Applicant's election; clarified the elected invention and the claims that read on the elected invention. The elected species is species A for examination. Claims 1,4,8-10 and 12 are under examination. The newly submitted claims 15-17 read on species B and are withdrawn from consideration as being directed to a non-elected species of invention. Additional claims that read on species B were also clarified, specifically claims 13, 5 and 14 which are the combination of LTB signal peptide together with CTB..
